Willamalane Park Master Plan

Willamalane is building a new master plan for the future of this community park. We need your help to make the best possible 20-year vision for this property! Three concepts are designed and available for public feedback. These concepts include possibilities for a new outdoor aquatic facility, a bike pump track, a new signature play area, and more.

Learn more and give your feedback! Check out the Willamalane Park Master Plan presentation and take a survey to let us know about your priorities at:
